

June 2022

Dear Friends,

Everywhere we witness the wonder of God's creation! The freshness of new leaves and spring flowers fill the air with fragrance. It is a beautiful season filled with new life. There are fawns, calves, lambs, chicks, ducklings—babies everywhere!

This is also the season of sowing the fields and gardens. My little patch is planted with an expectation of fresh vegetables in a few weeks. After the long, bitter cold winter it is a

joy to work in the soil again. We sow gardens with hope of a harvest. We also sow seeds of hope and faith in hearts on every occasion—expecting a harvest of changed lives.

in my home church. That has been a challenge and has certainly expanded my appreciation for worship leaders!

The last few weeks have been filled with various activities and local ministry. After returning from Alberta there were opportunities in Sturgis and Kamsack. There was a sense of refreshing and encouragement as we shared in fellowship together. When I am not ministering in other locations I have been able to assist with the music ministry

P. S.

As His children we have the assurance of the Lord's watchful care. We read in Psalm 34:7 "The angel of the Lord encamps all around those who fear Him, and delivers them."

A few weeks ago I found myself driving in a raging blizzard complete with white-out, blowing snow on a treacherous slush-covered road. On a curve my car was being pulled uncontrollably by the slush into on-coming traffic. At the last minute it swerved suddenly and I missed a head-on crash. That was a memorable moment!

One evening as I was facing oncoming traffic headlights, a deer suddenly jumped in front of my car. There was no time to react. Miraculously, the deer stopped on the center line as the vehicles whizzed by, somehow passing between the vehicles leaving all of us unscathed.

Recently, as I drove out of the grocery store parking lot I heard a strange clicking sound. It seemed to be coming from the passenger-side front tire. After a few blocks I decided to check it out. As I walked around the car I could see part of what turned out to be a 12 centimeter cement screw-nail protruding from the tire's tread! In a few more minutes I would have been traveling at full highway speed with a strong possibility of a blow-out—which could have caused real damage to the tire, the vehicle and to me! However, I was near a repair shop where it was fixed quickly.

We are often reminded of God's faithful care even when we are unaware of potential danger. Over the years I have heard and experienced countless illustrations of divine interventions. We have no idea how many times every day the Lord protects, provides, and directs us by His Holy Spirit. With unexplainable nudges and inexplicable coincidences the Lord sovereignly directs our ways.

Although heart-breaking tragedies may happen in the lives of believers, we know that "our times are in God's hands". Whatever the future holds, we know He holds the future—and we are forever safe in His care.
